- Winter residential sewer rates (November through April billings) are based on actual water consumption used for the month billed.
- Summer residential sewer rate (May through October billings) are based on the average of water consumption used for January, February, and March billings. If the winter water usage average is 3,000 gallons or less, the consumption billed will be the actual usage up to a maximum of 3,000 gallons. Any average usage greater than the 3,000 gallons will be billed the actual usage up to the minimum average calculated.
- Note: Consumption amounts are not billed greater than actual usage.
