Ray Laudenbach and Bill Sherman of the St. Francis American Legion, came forward and shared that the American Legion is more than just a veteran's organization. They shared that the American Legion has donated almost \$500,000 to the community. They noted that they have a membership of 150 veterans. They shared that they also have a large number of people in the St. Francis community that come to the Post on Friday and Saturday nights for meals. They stated that they are in a situation where they have to expand, which is cost prohibitive. They noted that if they are able to expand they will be able to bring in more revenue which will allow them to give to the community more. They shared that if they expand they will be required to put in fire sprinklers, which could cost \$250,000. They asked for a waiver for the sprinklers or for some type of help that would offset the \$250,000. They stated that any financial break would be appreciated. They added that Oak Grove just put in a new Bill's building with no sprinklers.

Mayor Muehlbauer stated that the Council will need to discuss this in a work session.

Robinson stated that the sprinkler requirement may not be a City requirement and may be from the County or State.

Bauer asked if the addition to the building has to be attached to the existing building. Mr. Sherman said yes.
